

# Did you know that our school playground now has **SWINGS?**

Four swings were installed during the school holidays in the monkey bar area. There were lots of happy – and surprised – faces on the first day of Term 3! The much-loved monkey bars are being refurbished and will be moved to another area of the playground soon.

The swings were jointly funded by a \$10,000 Premier's Fund for Children and Young People grant and by the GSPS School Association, using funds raised at our school's annual quiz night and raffle. Thank you to everyone who continues to support these fundraising endeavours.

More exciting playground updates will be announced soon.
